

LOS CONEJOS MALDITOS

The damned rabbits.

A new white wine made from grapes of Más Que Vinos vineyards that most suffer from the rabbits. They appreciate the high quality of the fruit just as much as we do. Unfortunately they are often faster leaving the producer with very low yields.

The wine is itself, has a medium body with a hint of creaminess, balanced acid and good mouth feel. Flavors of quince, dried apricot and melon are mixed with herbs and minerals. Pleasant medium long finish.

Nature wine.
