

SCHNEIDER AVENTINUS

Schneider Weisse Aventinus is Germany's first Weizenbock and an icon among wheat beers. With its deep malt character, complex aromas, and silky smooth mouthfeel, this is a bold yet well-balanced beer offering warming spice notes, ripe fruit, and a long, elegant finish.

Schneider Weisse has been synonymous with top-quality wheat beers since 1872. As a family-owned brewery in its sixth generation, they combine tradition and innovation to create authentic, flavorful beers with history and character.

Schneider Weisse Aventinus has a deep mahogany color with a creamy, beige head. The aroma is rich with ripe bananas, dried fruit, cloves, and caramelized malts. The taste is bold and full-bodied, featuring notes of dark chocolate, plums, and spices, rounded off with a pleasant warmth and a long, malty finish.
