## BUDWEISER BUDVAR 5% 33CL

Budweiser Budvar Brewery is known for its superior quality and its original Budweiser which is one of the best-selling beers from Czech Republic. The brewery was established back in 1895 so they have a long tradition of brewing authentic lager and still brew according to the same principles and methods today. The brewery is known for making beer of the highest quality using the best Czech ingredients, namely Saaz hops, Moravia malt and natural soft water from their 300 meter deep wells. The beer goes through a maturation process in their lager cellars (hence the origin of Lager - Lagering) which gives the beer a complementary depth and character in its taste. Their beer is geographically protected and is not produced anywhere else in the world. The brewery is owned by the Czech Republic and aims apart from brewing quality beer, promote Czech history and brewing culture around the world.

Budweiser Budvar Original is a rich, deep and distinctive Czech lager. It is brewed with whole Saaz hops, finest malts from Moravia and naturally soft water from deep artesian wells. The beer has a medium deep, golden yellow color, with a gorgeous white foam. It has a refreshing and rich taste with a light and pleasant bitterness in the aftertaste.

A quality beer that is easy to like and that is very easy to combine with most dishes. Can also be enjoyed alone naturally.
